It's been 42 years since 'The Hitchhiker's Guide' answered the ultimate question

It's the answer to the ultimate question of life, the universe and everything: 42.

And 42 is now the number of years since the publication of The Hitchhiker's Guide To The Galaxy, the first in the series of wacky and beloved sci-fi books by Douglas Adams.

The book follows Englishman Arthur Dent as he wakes up to find that Earth is about to be demolished to make way for a space highway. Adventure ensues across the galaxy with aliens, super computers and Marvin, a perpetually sad robot.

The National Prescription Drug Take Back Day addresses a crucial public safety and public health issue. According to the 2019 National Survey on Drug Use and Health, 9.7 million people misused prescription pain relievers, 4.9 million people misused prescription stimulants, and 5.9 million people misused prescription tranquilizers or sedatives in 2019. The survey also showed that a majority of misused prescription drugs were obtained from family and friends, often from the home medicine cabinet.

The DEA's Take Back Day events provide an opportunity for Americans to prevent drug addiction and overdose deaths.

Pauline Angleman, longtime Corte Madera resident dies at 113

[Subscribe](#)[Past Issues](#)[Translate ▼](#)

For those of us who attended the Sausalito Village 100th Birthday Party celebrating residents 90+, we remember her arriving with car keys (she drove until 110) in her hand in a tailored suit, high heels and looking younger than ever..at the age of 107. She reminded us that age is just a number.

The IJ reported an unofficial online cataloging classified Ms. Angleman as the oldest living person in Marin County, the second oldest person in California, the ninth oldest in the United States and the 26th oldest person on the planet.

Presentation on How To Have A "Good Death"

Monday, October 25, 2021 at 4:00 PM

Zoom Link: [CLICK HERE](#)

An online interactive presentation on how to have a “Good Death” on your own terms. Learn about the preparation, plans and resources you will need to ensure that you and your loved ones have the best chance of making that happen. We will use this call to unpack this inevitable end-of-life challenge. Please come with your questions and we will try to address as much as we can in the hour we have. Our presenter is Robert Rivas, attorney for Final Exit Network (FEN). He has dedicated his professional life to advocacy for the right to death with dignity. He is the author of the Supplemental Advance Directive for Dementia Care (SADD), a new resource for people facing dementia at the end-of-life. FEN will provide free legal support to enforce SADD provisions, if necessary, to ensure that healthcare organizations comply with the dying person's choices. FEN, a successor of the Hemlock Society, the original right-to-die organization, envisions a world where any competent person unbearably suffering an intractable medical condition has the option to die legally and peacefully.

This is hosted by Village to Village Network, a nationwide village community of which Sausalito Village is a member.

Join class live on Mondays 11am. See Sausalito Village website calendar
