### [5 Places You Should Live If You Love to Travel](#)

I've roamed the length and breadth of the globe for work and pleasure, but after racking up well over a hundred countries, I can honestly say there's no place like home. That said, it would be pretty hard being a travel writer if home wasn't within striking distance of several international airports, well served by public

## Marin City Summer Challenge

Dear Friends of Bayside MLK,

Thank you again to those of you who supported our *Bags of Love* Campaign. What started as an idea to raise \$2,000.00-3,000.00 grew, thanks to you, into something much bigger. We raised over \$120,000.00 in cash and another

incredibly important and gratifying and your support made it all come together  
**Today I am writing to see if you can support another effort for our school.** From a learning perspective, things here at Bayside MLK are going well considering the circumstances but the pandemic is having the greatest impact on students like those we serve at our school. Many of our kids and families already face challenges associated with being low income and this global crisis only magnifies those challenges. We have some kids who are meaningfully engaged with distance learning and we also have kids who have not been engaged at a level that will prepare them for school in August.

**In order to keep our kids on track with their learning during the summer months, I've started a fundraiser in order to raise money for a Summer Academic Challenge for the Marin City students of Bayside MLK, Jr. and Willow Creek Academy. The Challenge is designed to motivate our K-8 students to stay engaged with their academics from June 15-August 14. We're aiming to keep each child moving forward in reading and/or math during summer break. If we can engage our kids in a targeted academic work this summer their school preparedness will be that much stronger in the fall.**

Here are the details of the Marin City Summer Academic Challenge:

- All donations will go towards incentives our students can earn by successfully meeting a personal 8-week academic growth target set by their school teachers.
- Examples of incentives kids might earn are a new pair of shoes, a favorite sweatshirt, art supplies, headphones, tickets to a fun concert and/or amusement park, etc.
- Students will only earn incentives if they meet their end of summer target and each personal target will require the kids to work a minimum of 60 minutes per day, 5 days a week, all summer long. This equates to at least 45 hours of schoolwork during the summer months. No exceptions will be made. Our kids will earn their incentives through determination and hard work.
- We are accepting donations to the Venmo account:  
MarinCitySummerChallenge.All donors via Venmo will get an electronic acknowledgement of their donation.

[Subscribe](#)[Past Issues](#)[Translate ▼](#)

94965. Please write "Summer Challenge" in the Memo line. All donors to Performing Stars will receive a letter acknowledging the donation.

Thanks to Felecia Gaston for partnering in this effort. If you plan to send in a check, please reply to this email to confirm the amount so I can begin to get a sense of if we will meet our goal.

Please donate what works for you. Our goal is to raise \$17,000.00 by June 10th so we can roll this program out to 260 Marin City kids prior to the Summer Academic Challenge starting on June 15th. We appreciate any amount you can give. Thank you for getting your donation to us by June 10th and thank you again for your support of the food drive!
