TED TALK — TUESDAY, SEPT 15, 4:00 P.M.

James G. Stavrides — A Navy Admiral's Thoughts on Global Security

James Stavridis is a retired U.S. Navy admiral, a former supreme allied commander of NATO, and dean emeritus of the Fletcher School of Law and Diplomacy at Tufts University. He is acknowledged as an expert on geopolitical security issues.

In this Ted Talk, which has been viewed more than a million times, Stavrides advocates movingly for a whole new approach to domestic and global security based on steadfast, dedicated cooperation among allies, governments, and both the private sector and the public across national boundaries. He shares vivid incidents from military history to illustrate why the security of the future should rely on bridges rather than walls.
